

Treasures of Memory & Hope showcases the descendants of Armenian Genocide survivors pictured with their family keepsakes.

The images focus on life and hope, tell stories of survival and perseverance. From Armenia to Minnesota, it was here they found their dreams, their futures, and their happiness. Their lives inspire reflection on the value of freedom and the enduring human spirit.

ABOUT THE EXHIBIT

After the Armenian Genocide, many survivors and their descendants settled in Minnesota and made this welcoming state their home. Some of the families, even today, hold historic photos and precious keepsakes in memory of the survivors.

VISION

Our aim is to honor the survivors of the Armenian Genocide and their descendants in Minnesota.

By sharing their stories and memory with neighboring communities and with generations to come, we seek to inspire and encourage viewers through examples of faith, perseverance, endurance and hope.

Treasures of Memory & Hope is organized by St. Sahag Armenian Church to preserve and revive the legacy of survivors, share and inspire the communities around us.
